

New Source Review newspaper advertisements for construction permit applications, June 14, 2007. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: June 12, June 13, or June 14, 2007. Public notices are generally published every two weeks. The previous publication of public notices was May 31, 2007.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is The University of Tennessee Space Institute with a mailing address of 411 B. H. Goethert Parkway, Tullahoma, TN 37388. They seek to obtain air contaminant permit (Division identification number 26-0068-13/60933) for modification of a turbojet engine with afterburner located at 411 B. H. Goethert Parkway, Tullahoma, TN 37388. This existing operation consists of a government surplus General Electric Model J85-GE-5 turbojet engine with afterburner. The requested modification is to increase annual hours of operation. Because of the amount and type of emissions, the use of air pollution control equipment is not proposed. There would be no physical construction. Regulated air pollutants would be emitted by this source. Mr. M. Yousefzadeh is the assigned Division person.

For the Franklin County "Herald-Chronicle"—published once on or before Thursday, June 14, 2007.

The applicant is Hohenwald Hospital for Animals with a mailing address of 106 Volunteer Drive, Hohenwald, TN 38462. They seek to obtain an air contaminant permit (Division identification number: 51-0032-01/60966) for construction of an Incinerator Operation at the before mentioned address. This proposed operation would consist of a cremator and associated equipment used to incinerate animal carcasses. Number 2 fuel oil would be used for fuel. An afterburner would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. E. King is the assigned Division person.

For the "Lewis County Herald"-- published once on or before Thursday, June 14, 2007.

The applicant is Rogers Group, Inc. – Pottsville Quarry with a mailing address of 421 Great Circle Road, Nashville, TN 37228. They seek to obtain an air contaminant permit (Division identification number: 59-0065-

01/60928) for modification/construction of an existing Rock Crushing Operation at 646 Highway 99, Lewisburg, TN 37091. This proposed operation would consist of adding a new primary crushing and screening plant and modifying the secondary crushing and screening plant. Wet suppression would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Abbas Yavari is the assigned Division person.

For the Marshall County "Lewisburg Tribune" -- published once on or before Thursday, June 14, 2007.

The applicant is Gateway Medical Center with a mailing address of P.O. Box 3160, Clarksville, TN 37043. They seek to obtain an air contaminant permit (Division identification number: 63-0048-04/60986) for construction of a Boiler Operation located at 651 Dunlap Lane, Clarksville, TN 37043. The proposed operation would consist of two (2) boilers and associated equipment used to make steam. Natural gas would be used as primary fuel, and Number 2 fuel oil would be the back-up fuel. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. Elizabeth Peeler is the assigned Division person.

For the Montgomery County "Leaf Chronicle" -- published once on or before Thursday, June 14, 2007.

The applicant is Union City Grain Company, LLC with a mailing address of P.O. Box 278, Union City, TN 38281. They seek to obtain an air contaminant permit (Division identification number: 66-0059-01/60988) for modification of a Grain Elevator located at 315 W. Dr. Martin Luther King, Jr. Drive, Union City, TN 38261. This existing operation consists of grain receiving pits, storage bins, dryers, loadout stations, and associated equipment used to process grain for distribution. The requested modification is to revise the current permit to reflect the use of rack dryers instead of column dryers. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would not be physical construction. Regulated air contaminants are emitted by this source. Mr. J. Fuss is the assigned Division person.

For the Obion County "Union City Daily Messenger" -- published once on or before Thursday, June 14, 2007.

The applicant is Coit Services with a mailing address of 86 South Willow, Cookeville, TN 38501. They seek to obtain an air contaminant permit (Division identification number: 71-0221-02/60961) for a Dry Cleaning Facility located at the same address. This existing operation consists of a dry-to-dry perchloroethylene dry cleaning machine. A refrigerated condenser is used for pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. W. Collins is the assigned Division person.

For the Putnam County "Herald-Citizen"-- published once on or before Thursday, June 14, 2007.
